

# PUBLIC DAILY LEDGER

SEVENTH YEAR.

MAYSVILLE, KY., WEDNESDAY, AUGUST 3, 1898.

ONE CENT.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can afford to give his goods free. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

# NOT A SUIT

In our remarkable \$7 65 Suit Sale would be left unsold today had the people known what values they get for the price. At the eleventh hour the community seems to have suddenly awakened to the fact and truth that never before in the history of Maysville's clothing trade \$7 65 bought such values. We judge this from the number of customers that came in for these suits yesterday. To make this sale a record breaker, and for the benefit of the laggards, we have replenished the depleted \$7 65 counters with still greater values, and will continue the sale until the 15th of August. Look in our window display.

Your Choice for \$7 65 Cash When the Goods are Taken Away. Money Refunded if Upon Home Examination You are not Pleased.

The results in our Shoe Department, though not a year old, are gratifying to us and fully as much to our shoe patrons. "The most comfortable pair of shoes I've worn for years," is the universal expression of those that wear them. Our \$2, \$2 50 and \$3 Smith & Stoughton French Calf Common Sense Shoes, such as Vici Kid, Russian Calf, Patent Leather, Cordovan, &c., all of which are especially made for us by the Burt-Packard people, Brockton, Mass., fill the long felt wants in Maysville's shoe trade. We are daily receiving our fall stock in these lines. If your summer shoes are about worn out and you think it late to buy lightweight footwear we can fit you in the coming style of Fall Shoes. Respectfully,

The Building Committee of Washington Opera house could have gotten the building erected cheaper by giving the contract to Cincinnati parties, but they preferred to give the work to Maysville mechanics, even at a greater cost. In this view, it does look like the Maysville mechanics ought to show a little appreciation by "pulling together" and pushing the work.

The Second Battalion, Knights of St. John, comprising the membership of Covington, Newport, Dayton, Bellevue and Maysville, propose a visit to this city on Labor Day, Monday, September 5th. A big crowd is anticipated, and our merchants are kindly asked to aid in the sale of tickets, as they must reap considerable trade from the visitors.

Mr. Amos Means, whose critical illness was reported in yesterday's LEDGER, died at his home near Concord. He was a brother of Messrs. Quincy A. and Robert F. Means of this city, a twin of the latter, and it was a matter of much difficulty with some to distinguish between them. He was a good citizen, and in addition to a family he leaves scores of friends who will sincerely mourn his death. The funeral arrangements were not obtainable when THE LEDGER went to press.

Attention, Cadets!  
The St. Aloysius Cadets will meet at Knights of St. John Hall tonight at 7:30. Full attendance is requested. Business of importance.

P. F. SAMMONS, President.

Electric Park.  
The cosy auditorium at this popular place was crowded again last evening with a delighted audience. The people of this city are quick to find out the "real place" to go and be amused, and then again it is always so cool at Electric Park that it is no wonder that the people flock out there each evening. Carmanella and Lucile are making the biggest kind of a hit in their musical novelty, while Armstrong and Porter are getting much generous applause from their new and up-to-date jokes. Lew Seeker is as funny as ever and always has something new to say. Make up your mind to go out tonight. Ten cents pays your admission and round trip car fare.

## RUGGLES CAMPMEETING.

The Ledger's Correspondent Notes the Happenings at the Beautiful Campgrounds.

Special Correspondence Public Ledger.

RUGGLES CAMPGROUNDS, August 1st, 1898.

Editor Ledger: It is time somebody was telling somebody else that Ruggles Campmeeting is going on and that we, the campers, are having the grandest time you ever read about; that some twenty three families from our beautiful little city are represented and tenting on the grounds. Then there are Mrs. West and her two charming daughters and the Misses Whittington from Bellevue, Dr. Harry Pangburn, Miss Lou Powling and Miss King from Maysville, Mrs. Dr. Heflin from Lakeland, Ky., ten families from Tollesboro, six families from Mt. Carmel, and Mrs. Charles Degman from Springdale. The Kentucky Cottage is full up and every other cottage is taken.

The camp and surroundings look like a beautiful lawn with old giant trees scattered hither and thither through the smaller trees and shrubbery, and as we sit here and breathe the pure air that is wafted through this delightful woodland it makes one feel as if he were beginning life over again. The people of Maysville are foolish to go long distances to hunt for a place of recreation when right here so near them are the Ruggles Campgrounds that are being beautified more and more every year.

We have now been here, most of us, for nearly a week and it hardly seems two days, so pleasantly does the time pass by. Then the cost of living here is so trifling it would astonish you how cheap you can buy articles of living.

Prof. Crabbe and wife arrived on the grounds Thursday evening and he soon rallied around him a choir of singers which under his leadership were soon trained to sing together as if they had been practicing for weeks. The Professor and his wife are charming company and they add greatly to the pleasures of the camp.

Sunday morning came but the Rev. Collins of Louisville failed to be on hand. Yet we were not the least put out for we had with us Rev. Dr. Bradford, who has just finished his collegiate course in Boston, Mass., and the people of Maysville who have listened to his eloquence at home felt that no injustice was being done to the people here when they saw him step into the pulpit, and we were not disappointed. He took for his text, "Faith, Hope and Charity," and for more than one hour held his large congregation spellbound, their faces beaming with delight at the eloquence of this man of God. His words seem to come from deep down in his soul. None who heard him can ever forget the sermon.

The Campgrounds Epworth League was organized on Saturday with the following officers:

President—J. W. Ramey, Catlettsburg.  
First Vice President—Miss Lella Parsons, Tollesboro.  
Second Vice President—Miss Birdie Walsh, Maysville.  
Third Vice President—Miss Nellie Jones, Tollesboro.  
Fourth Vice President—Miss Annie West, Bellevue.  
Secretary—Miss Gertrude Harding, Maysville.  
Organist—Mr. Albert Harry, Epworth.

The organization takes in all the young people of the Campgrounds, and all Preachers are members of the cabinet.

Quite a number of Preachers have just arrived. Among them are: Rev. A. Boring, D. D.; Rev. J. W. Perryman, Rev. G. N. Jolly, Rev. C. W. Sutton, Rev. J. A. College and Rev. H. Clay Northcott, the founder of Ruggles Campgrounds.

Maybe you think our children from Maysville don't enjoy romping over this twenty-five acres of woodland. They can scarcely stop to eat their meals. It is certainly a great treat to them.

Our meetings are well attended and are increasing in interest. We hope the few showers of rain will not deter the people of Maysville from coming out for they don't hurt us as the ground soon dries off.

We are expecting a very large turn out from Maysville on Sunday next. The threatening weather kept many away last Sunday but if they had come they would not have regretted it. M. J. W.

## Worth Saving.

## A DISGRACE.

But It Was Intended to Be an Ornament—Turn On the Water.

Several years ago the talk began of beautifying the Esplanade on Market street.

At that time it was nothing more than a dreary-looking spot, covered with weeds, beer kegs and tin cans.

After considerable discussion by the City Council, it was finally decided to improve it, and this improvement was to be made with a proviso hitched on to it—that if the citizens would donate money enough to purchase a fountain to be placed in the center of the improved space, Council would do the rest and a great deal more if necessary.

Well, the citizens did their part nobly, enough money having been collected to almost pay the entire cost of the fountain.

But in the name of common sense does the City Council think the citizens donated their good money for a fountain with no water?

It is true the fountain isn't the largest nor the prettiest nor the finest, but it is a fountain, and it is now in place, and instead of being an ornament as intended it is a disgrace to the city.

One whole month has passed and not a drop of water has gone through it.

A gentleman and a citizen who contributed quite liberally to the fountain fund administers this kick, and suggests that the water be turned on at 7 o'clock in the morning and kept running until 10 at night.

Paris Green that kills, at Chenoweth's Drugstore.

The hard rains have about finished the blackberries.

Young rabbit hunting is now very fine in the country.

All kinds of vegetables are very plentiful throughout the county.

It will not always do to jump at the conclusion that because a Preacher hallooos a heap while preaching that he is of necessity saying a heap.

The best grades of Kanawha and Semi-cannel Coal for less money than you pay for Pomeroy at William Davis's Coal Yard, near Limestone Mills.

It mustn't be accepted as first-class evidence that a man is listening to what the Preacher says because he sits with his eyes tightly closed through the sermon.

When you start out to buy anything in the line of Jewelry, Watches and Diamonds don't fail to call at Murphy's the Jeweler. No better goods anywhere. Prices low. His repairing department is the best.
